BULLETIN.

Washington, Sept. 9.—A 40-mile per hour head wind has cut the round-the-world flyers' progress from Mitchell Field, Long Island, to Washington, virtually to a snail's pace, according to air service officers here. The flyers took two and a half hours to cover 100 miles between Mitchell Field and Philadelphia, an average speed of 40 miles per hour, and their average rate is 80 miles per hour.

Mitchell Field, L. I., N. Y., Sept. 9.—America's around the world flight gets under way again today.

Despite indications of showers and general bad weather, Brig. Gen. Mason Patrick, chief of air service, announced the flyers will take off from Mitchell Field for Bolling Field, Washington, at 9 a. m., eastern daylight time.

The around the world airmen, who arrived here yesterday from Boston, were still asleep at 8:15 a. m., but General Patrick was out early and prepared to take off in a De Havilland plane for Washington as an escort to the globe-girdlers.

Weather reports along the route the flyers will take was:
"Partly cloudy sky with showers and thundershowers and probably wind squalls between 10 a. m. and 2 p. m. Moderate to fresh west shifting to northwest winds up to 5,000 feet."

The sky was gray and overcast and the air chilly. Rain appeared imminent half an hour before the time set for the take-off.

Mechanics completed their inspection of the three big Douglass air cruisers and announced them in good shape. A new motor may be necessary for Lieut. Wade's plane, the Boston, II., when the flyers reach Dayton, Ohio, however.

Gen. Patrick telegraphed Mayor Kendrick of Philadelphia that the flight will pass over that city between 9:30 and 10:30 a. m., standard time.

Patrick will lead the escort planes in his De Havilland piloted by Captain St. Clair Street. Two other escort De Havillands will be piloted by Lieuts. Burdette S. Wright and J. W. Goddard.

Philadelphia, Sept. 9.—America's round-the-world flyers with Lieutenant Smith, flight commander, in the lead, passed over Philadelphia at 12:04 daylight time. The flyers were in formation. Whistles from every craft and from factories gave the flyers a noisy greeting.

Wilmington, Del., Sept. 9.—The

NET PROCEEDS OF THE CONCERT ARE \$150.35

An important and interesting meeting of the Ladies' Auxiliary of the Charleroi Monessen hospital, was held last night in the Municipal building with a good attendance. At this session it was decided that the members would hold a bake sale, September 20, the place of the event to be announced later. Also a rummage sale will be held on October 9, 10, and 11. The ladies of Charleroi and surrounding towns are requested to keep these dates in mind and anything donated toward the worthy cause will be appreciated. Plans were completed for a doll outfitting bazaar to be held before the holiday season. The treasurer reported the net proceeds for the concert given by the Choral society under the direction of Chester C. Humphreys to be \$150.35. The auxiliary wishes to thank Mr. Humphreys and the Choral society through the columns of this paper for the splendid donation.

A SISTER OF MERCY DIES

Taking her last vows on her death bed, Sister Mary Dooley, aged 23, beloved daughter of Mrs. Margaret Dooley of 213 Lookout avenue, answered the final summons this morning at 7:30 o'clock in the Mercy hospital, where two weeks ago she underwent an operation for tumor. The operation was a success and every hope was entertained for Sister Mary's recovery but pneumonia seized her late Sunday, causing her sudden death this morning, which comes as a shock to the entire community.

Born in Dunleavy, the deceased has lived practically all her life in this vicinity. She attended the Charleroi schools, as well as the Charleroi High school. Shortly over two years ago, she decided to prepare to become a nun and has been studying in the Mt. Mercy convent, Pittsburgh, since that time. Had she lived, the final vows would have been taken three years hence. She was a member of St. Jerome's Catholic church, and was well and favorably known in the borough. She leaves besides her mother, five brothers, William, Peter, Ambrose, Thomas and Michael, all at home, and three sisters, Winifred, Helen and Kathleen, all at home. Arrangements for the funeral have not as yet been made. They will take place from the convent.

Round-the-world flyers passed over Wilmington at 12:35 p. m. today. They circled a few minutes over the State Fair grounds and headed for Baltimore.

Washington, Sept. 9.—The round-the-world flyers have landed at the Aberdeen proving grounds, north of Baltimore, for gasoline, according to word reaching the air service here.

The Court Divides Precinct Of Ward Into Two Precincts

In an opinion handed down yesterday by Judge James I. Brownson, in the case of Anna M. Kaufmann against James H. Glenn, the court orders that the rule to show cause why an issue should not be framed to settle the title to certain land in South Strabane township, be placed on the argument list. Leave is granted to the petitioner, Anna M. Kaufmann, to file a replication and take testimony as to the fact of possession. The land in question contains 57.91 acres. The plaintiff claims title to the entire farm, but the defendant claims that he is jointly in possession of the property, and has lived upon it for a long period of time.

The court has divided the second precinct of the Third ward, Monongahela, into two voting precincts, making three precincts in that ward. This action was taken in a decree handed down by Judge James I. Brownson.

Brownson. The voting place of the new first precinct is in the City hall; the second precinct in the rear of 1010 Cross street, and of the third precinct in Keeney's greenhouse office, 815 Sherman street. The election officers are as follows:

First precinct—Jesse Wall, judge of elections; William Van Voorhis, majority inspector, and Thompson Nelder, minority inspector.

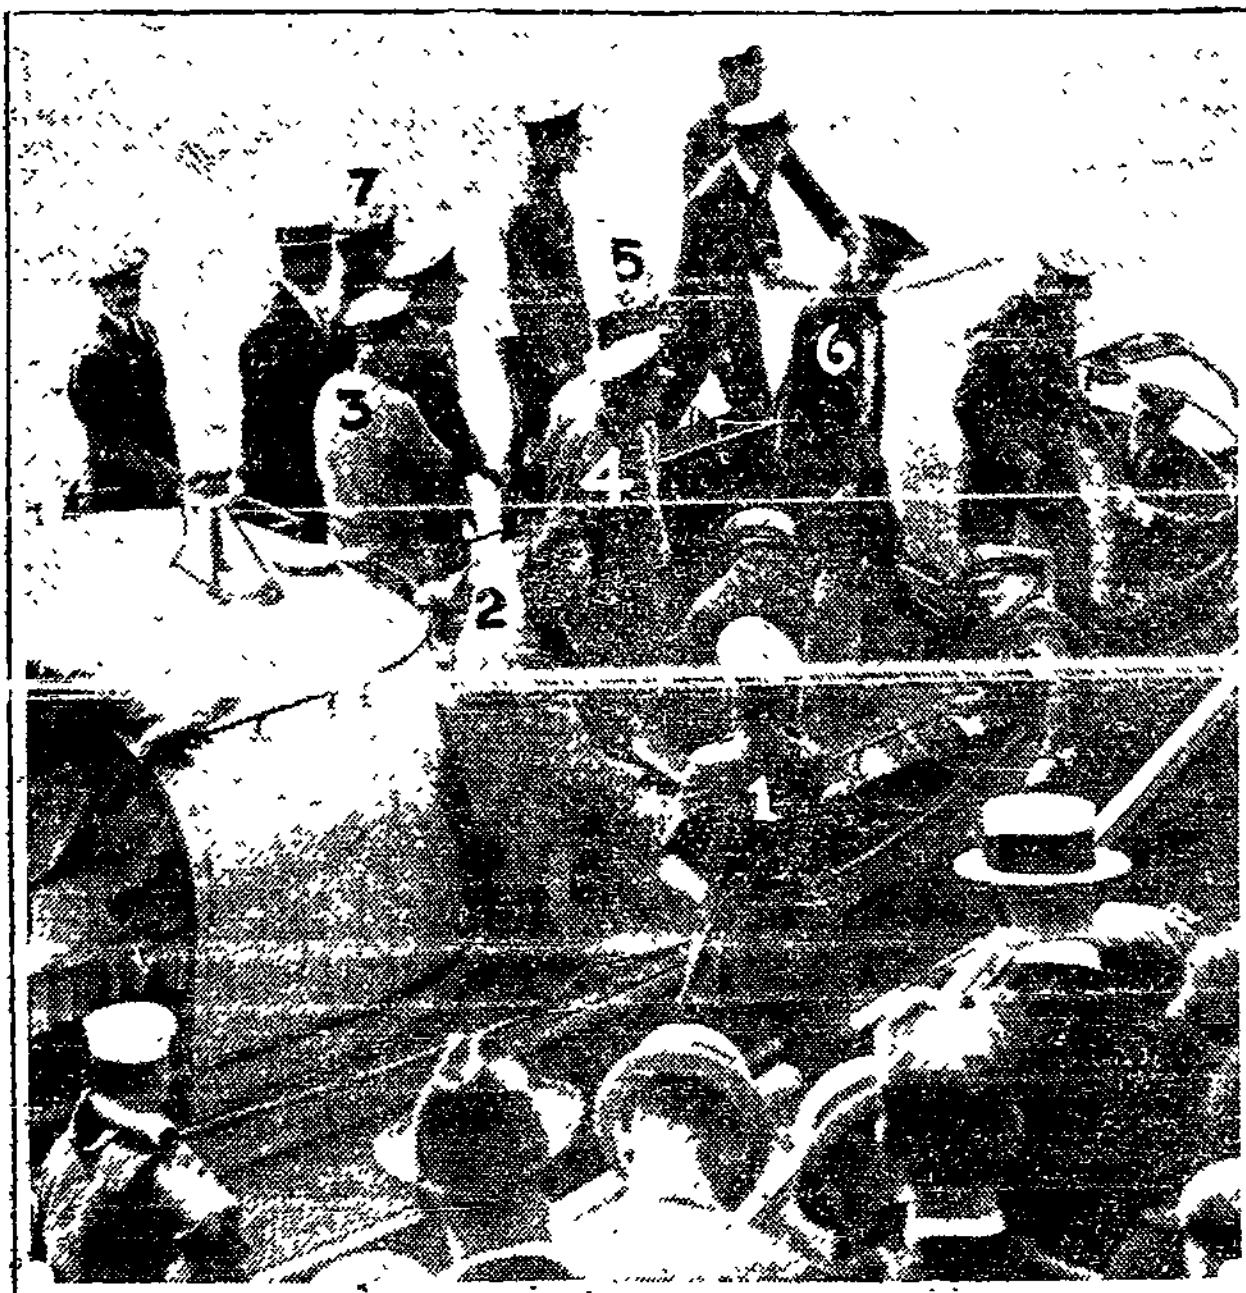

Second precinct—E. P. Brown, judge of elections; James Krepps, majority inspector and J. M. Frist, minority inspector.

Third precinct—John B. Collins, judge of elections; J. A. Keeney, majority inspector, and Joseph A. Coulson, minority inspector.

Religious Folk To Meet Soon Report Elicits

The sixty-first convention of the Western Pennsylvania Christian Missionary society and the Pennsylvania Women's Christian Missionary society of the Christian church will be held in the Christian church of Connelville on September 16, 17 and 18. It is anticipated that 300 or more delegates representing the churches of that denomination in the section of the state west of and including Altoona will be in attendance.

The opening session will be on Tuesday evening September 16. Morning, afternoon and evening sessions will be held on each of the succeeding days. At each a well-known pastor or layman will preside and addresses will be delivered by prominent leaders and missionary workers.

Among the speakers will be Dr. Royal J. Dye, formerly in charge of the mission at Bolenge, Africa; Rev. W. H. Hanna, formerly missionary to the Philippines, now of Pittsburgh; Roy K. Roadruck, St. Louis, Mo., superintendent of the young people's department of the United Christian Missionary society; F. E. Smith, Indianapolis, representing the board of ministerial relief; Milo J. Smith, Indianapolis, representing the board of social service; Revs. J. E. Stuart, Greensburg; S. E. Brewster, E. K. Van Winkle and J. A. Crain, Pittsburgh; F. A. Bright, Sharon; John C. Crowe, Somerset; John W. Love and E. A. Cole, Washington; O. C. Blackwell and H. R. Ford, Johnstown; W. M. Long, Charleroi; F. J. Stinson, McKeesport, Louis D. Riddell, Butler; Joel Lee Jones, Uniontown; H. A. Denton, Altoona; H. L. Maltman, Point Marion; Paul S. Wight, Scottsdale and others.

Rev. John W. Love, pastor of the First Christian church, Washington, will conduct the devotional service at the Wednesday afternoon session and deliver a sermon, "The Holy Spirit in the Acts of the Apostles." At the same session Rev. E. A. Cole, pastor of the Second Christian church, Washington, will deliver an address, "State Missions."

TRIPLE FUNERAL FOR KILLED IN ACCIDENT

Pittsburgh, Sept. 9.—A triple funeral for Frank L. Pippert, 26, his wife, Catherine, 29, and their ten months old baby, all of whom were killed yesterday when their automobile was struck by a train in Kittanning, will be held tomorrow afternoon. Services will be held in the home of Mrs. Pippert's mother, Mrs. S. E. Barber, 4709 Lytle street, Hazelwood.

Volunteers To Report At The C. of C. Rooms

Volunteers for National Defense day are already reporting to Secretary James T. Heffran at the Chamber of Commerce rooms in the Borough building. Any person of military age who is willing to volunteer for this one day service for his country is urged to report to Mr. Heffran and receive instructions as to what will be expected of him on that particular day.

It is the desire of those in charge of National Defense day in Charleroi to recruit as many units as possible. Each unit will be made up of 200 men and the necessary officers.

For the information of those who desire to render the government aid in observing the first National Defense day and volunteer their services the committee in charge has arranged a program that will not interfere with any person who is working. Mobilization will take place early in the morning when the roll call will be made. Immediately after roll call the company will be dismissed and assembled again in the evening when a short parade will be held, the company assembled and a patriotic address given, after which those who have volunteered their services will be dismissed.

The reserve officers of Company B, 50th Infantry in Charleroi who will have charge of the parade and handling the men after they are recruited are Captain Edwin W. Patton, First Lieutenant William J. Mathias, First Lieutenant Charles P. McLaughlin, Wayneburg, Second Lieutenant W. A. Price, of Grindstone, and Second Lieutenant T. R. Sharpnack of Rice Landing.

CHIEF OF POLICE GENEVA, N. Y., DEAD

Daniel Kane, chief of police of Geneva, New York, died this morning at 7:30 o'clock, was the word received by his niece, Mrs. T. C. Dillon of 722 Fallowfield avenue. Mrs. Dillon has recently returned from Geneva, and during her visit there, the deceased was stricken with a stroke. His condition has grown gradually worse until his passing this morning. He had served as chief of police of Geneva for 43 years. He was 78 years of age.

Nails Along The Highway Give Trouble

Strewing of heavy roofing nails along the Monongahela Valley County club road, causing tire trouble and inconvenience to motorists along this road, which is subject to heavy traffic at present owing to detours on the Charleroi-Bentleyville road, is reported again by automobile owners.

Sunday evening two reports were received by the authorities from drivers who were forced to stop owing to punctured tires. Inspection of the tires resulted in finding roofing nails in both instances. An investigation was started two weeks ago when scores of club members reported tire trouble owing to the scattering of nails along the road, but no arrests were made. The state highway department detailed two highway men to patrol this road, but no evidence against the culprits could be secured.

DAMAGE DONE TO GARDENS

Miscellaneous Saturday night did \$1,000 damage at the James A. Keeney greenhouse and the flower gardens, corner Stanton and Sherman streets, Monongahela, when they forced an entrance and demolished vast numbers of blooming flowers and expensive plants. More than half an acre was devastated.

The florist and gardener at the Keeney greenhouse had completed their extensive cultivation and they were about to be taken indoors for winter cultivation when the vandals visited and practically all of the plants destroyed. Chief of Police S. S. Burnsworth was notified of the matter and started an investigation.

FIRE AT GREENSBURG; THE LOSS IS \$60,000

Greensburg, Sept. 9.—Fire today destroyed the one-story frame building of Wilson & Company, packers. Four cars of meat standing nearby were also destroyed. The loss is estimated at \$60,000.

MONONGAHELA MAN DRAWS A BIG FINE

LOCAL LADY MOURNS DEATH OF A BROTHER

James Daniel Crookham, aged 74 years, four months and 13 days, brother of Mrs. Fred Davis of McKean avenue, died Sunday afternoon at 4:45 o'clock at the home of his daughter, Mrs. William Sloane of 3133 State street, (Foster road), Versailles township, near McKeesport, after an illness of three days. He was born in Elizabeth, and during his earlier life was a riverman. He was a resident of that vicinity all of his life and was employed for many years as a stationery engineer at the Wood mill. Besides his wife, Mrs. Lizzie Crookham, he is survived by three daughters, Mrs. William Sloane and Mrs. Hugo Leck of Versailles borough and Mrs. George Kearns of East McKean. Two sisters, Mrs. Fred Davis of this place, and Mrs. Hannu Lyon of Belle Vernon and one brother, George Crookham of Elizabeth. Funeral services will be held from the Sloane home Wednesday afternoon at 2:30 o'clock in charge of Rev. J. V. Krall, pastor of the Christian and Missionary Alliance church. Interment will be in Versailles cemetery.

**Avella Storekeeper Also

Ever Inflicted By Courts
For Dry Law Violation**

LONG TERMS IN ADDITION

Both Men Believed By the Court
to Be In Business of Liquor
Selling For the Object of
Money Making — Second Of-
fense for One; Third for Other

Judge Edwin Cummings at Washington yesterday inflicted two of the heaviest penalties for violation of liquor laws ever imposed in the courts of this county, when he sentenced Joseph Moskowitz, a wholesale confectioner of Monongahela, to pay the costs, a fine of \$4,000, and to serve two years and four months in the workhouse, and Joe Rector, a storekeeper, doing business in Avella, to pay the costs, a fine of \$3,000 and to serve two years and four months in the workhouse. It was stated by the court that in case these men paid their fines and costs, the sentences of imprisonment will be changed to six months in the county jail.

Both men were believed by Judge Cummings to be in the business of selling liquor to make money. This is Moskowitz's second offense. In February, 1922, he was sentenced by Judge Hughes to pay the costs and a fine of \$500 for the unlawful possession of liquor. This is Joe Rector's third offense. In November, 1921, he entered a plea of guilty to violating the liquor laws and was sentenced to pay the costs and a fine of \$200; again on November 10, 1922, he was found guilty of violating the liquor laws, and sentenced to pay the costs, a fine of \$1,000 and to five months in the county jail. Counsel made pleas for leniency for both men, but the court believed that no mercy should be shown them.

Moskowitz entered a plea of guilty to the unlawful transportation, possession and sale of intoxicating liquors in connection with his sales as a wholesaler of Jamaica ginger. On June 4, 1924, county detectives found in the store of Joe Martin in Fallowfield township, a carton containing "The Wonder Laxative," which upon examination was found to be nothing else than Jamaica ginger containing a very high percent of alcohol. This had come from Moskowitz.

Later, Moskowitz's place was searched, and two trucks, a Dodge and a Ford, were found loaded with "The Wonder Laxative." These two machines contained a total of 4,000 bottles of Jamaica ginger, which, analyzed, were found to contain from 89 to 91 per cent of alcohol. The bottles were labeled "Holko Brand, pure essence of Jamaica ginger, manufactured by Hollander Bros. Drug Co., otherwise they will be prosecuted. Bradlock, Pa. 803p (Continued on page six)

BAD CHECK ARTIST CAUGHT

Wanted for passing a bad check Louis Lockhart, aged about 25, alias Earl Smith, an Italian barber, who was located at Washington for some time, was taken back to Washington yesterday from Oil City.

After being taken into custody at Oil City, Lockhart was one of three prisoners to make an escape from the jail through means of a key which was given to them. Smith and another of the escaped prisoners were caught, but the third managed to escape the pursuing officers.

Lockhart was taken back to the county seat primarily on the strength of a charge made by E. K. Lightfoot, manager of the Federal Clothing company, that he had passed a forged check for \$35. It is said by officers that he passed other worthless checks. It is also probable that a charge of having stolen an automobile will be preferred against him, as when he left Washington he was a Vette machine in which Chester DeRose owned a half interest, without the consent of DeRose. The machine was found at Oil City in a dilapidated condition.

BRAKEMAN IS HURT IN A FALL

George Moffit, a brakeman on the Pittsburgh & Lake Erie railroad, suffered internal injuries yesterday afternoon when he fell from the footstep on the side of a coal car near the Monongah mine yard at Buffalo, where cars were being shifted by a freight crew. Moffit was removed to Elizabeth for medical aid and later was taken to his home at West Elizabeth. The extent of his injuries has not been determined.

Moffit was found lying along the tracks and found the injured man, who was unable to get to his feet.

Abe Goldstein, world's bantam-weight champion, successfully defended his title in a furious 15-round match last night against Tommy Ryan of McKeesport, Pa., at the Queensboro A. C. The challenger narrowly escaped a knockout in the ninth-round.

Goldstein had a wide margin on his opponent after the seventh round. Previous to this the underholder fought more of a defensive fight, working under wraps and concealing the attack that later carried him to a sweeping victory.

In the thirteenth round Goldstein, working from long range, swung his left leg of rights and left into Ryan and drove the reeling Ryan about the ring and on the verge of a knockout. Again in the fifteenth round it looked like the finish for Ryan, but he grimly mustered enough resistance to weather the storm and remain upright until the bell.

Goldstein looked far better than he did against Charlie Ledoux the French flash, when the two met at the Veldrome A. C. earlier in the summer.

Goldstein weighed 116½ and Ryan scaled 117.

INCLEMENT WEATHER MAY RETARD PIRATES IN PENNANT CHASE

Bill McKeechie and his third place Buccaneers last night were wondering if the weather man would permit them to get out again. Sportsmen's Park today for their third consecutive day, which is to make the opening of their last engagement with the Cardinals this year. The Buccos were disappointed over their double win in the Bucco's state on Sunday, but even this did not knock the ambition out of them and their spirits went up several notches last night when they received the news that the Dodgers had walloped the Giants, thereby keeping Pittsburgh decidedly in a three-cornered knot and leaving them still in a position to sneak over the top if they can strike anything like a winning streak.

Not a ray of sunshine was discernible all day in St. Louis and the air was cool enough to make filmy undergarments uncomfortable. A gentle drizzle made itself felt in the evening and the sky did not hold out great encouragement for today, but if the threatened rain holds off, the Buccos feel confident they can help them cause today on the ball field.

The athletes enjoyed their day's rest for they had a bad cold for a while. Breathing spells this summer and the relaxation should put more pep in them. McKeechie permitted the golf hands to explore the big course near the Buckingham Hotel in which they are housed. He said he had no objections to their indulgence in the sport, when no ball game was on the program.

Goldstein looked far better than he did against Charlie Ledoux the French flash, when the two met at the Veldrome A. C. earlier in the summer.

PEACOCK WON'T NAME JACK IN THE SUIT

Philadelphia, Sept. 9.—Herbert M. Peacock, husband of Estelle Taylor, denied today that he intends to name Jack Dempsey correspondent in a divorce suit or sue the heavyweight champion for alienation of the actress's affections.

Peacock said he married the movie star in 1911 and after living together for five years they separated. He said that he would soon bring suit for a divorce but the grounds would be desertion and Dempsey's name would not be mentioned.

"If she wants to marry Dempsey it is all right with me," Peacock said. "After I made a star of her, things didn't go so well, and we virtually agreed to live apart."

Dempsey, it is generally believed, is virtually engaged to marry Miss Taylor. While the heavyweight king denies that he is betrothed, Dan Cupid has shoved him to the ropes in the fight of hearts.

PRINCE INTERESTED IN POLO GAMES

Syosset, L. I., Sept. 9.—Recovered from his first American mishap—a blow in the eye from a clod kicked up by a polo pony—the Prince of Wales looked forward eagerly today to witnessing the first of the international polo matches at Meadowbrook.

Physicians stated that the injury to the royal optic was not serious and the prince refused to allow it to interfere with his dancing last night. His royal highness will root for the British four, who are almost hopeless long shots in betting on the first match. He will sit in the official box of the United States polo association with his aide Major Mercalfe, secretary Weeks, Gen. Pershing, Sir Esme Howard and Lady Howard, Hon. Harlan F. Stone, and Mrs. Stone, Hon. Henry C. Wallace and Mrs. Wallace, Herbert Hoover and Mrs. Hoover, Theodore Roosevelt, Assistant Secretary of the Navy and Mrs. Roosevelt and a number of his society friends.

Deer Increasing

San Francisco.—California has a population of 300,000 to 400,000 deer, according to estimates of the California fish and game commission and the United States forest service. In the national forest alone, chiefly in northern and central California, the deer are estimated to number 185,000. The deer are increasing despite the fact that hunters each year kill 20,000 bucks and 100,000 does.

ASK ABOUT PAYMENT PLAN

I Paid \$5

For these powders once By Edna Wallace Hopper I was asked to offer women my aids to youth and beauty, and I did. They are, I believe, the greatest in existence, for I searched the world to get them.

Then countless women asked me about powders. I am an actress and movie star. We in our world care nothing for expense. Anything which adds to our beauty is worth many times its cost. So I have long paid \$5 per box, as have others, to obtain the very utmost in a powder. Each lot was made to my order.

Now I have asked the makers to supply these identical powders, in quantities, at prices all could pay. I have agreed to market them to women who desire them. Thus I am able to supply these same powders at 50c and \$1. I owe that to the kindness of the makers.

I use a heavy cold-cream powder, based on my Youth Cream. It clings and stays. This I call my Youth Cream Powder. But many women like a powder light and fluffy. So I have this powder made in two forms.

All druggists and toilet counters now supply my Youth Cream Powder at \$1 and my light Face Powder at 50c. Both come in three shades—white, flesh and brunette.

There may be greater powders in the world, but I have never found them, and I have consulted the greatest experts. I know that anyone who compares them with ordinary powders will be amazed and delighted.

I shall gladly mail you a sample of the kind you want if you will mail this coupon. Please do that now.

TOURING "DE LUXE" IN CALIFORNIA
A Japanese driver at Preston, Calif. The young lady is content to sit in the "de luxe" car, but by the time she grows weary of the "de luxe" car, she will probably be able to afford a "de luxe" car, and she'll think Japanese "de luxe" cars are "de luxe" cars.

Parties Eager to Take Colorado; Two Senatorial Seats at Stake

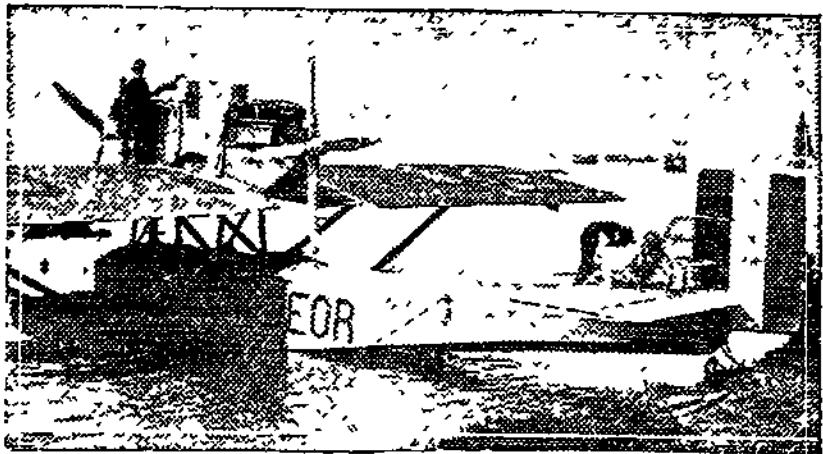

Both parties are eager to triumph in Colorado, where two senators will be elected in November. Senator Alva B. Adams (left), Democrat, and Senator Lawrence C. Phipps (right), Republican, incumbents, are running against each other for the long term, while a score of aspirants are seeking the short term.

NEW MAIL CAR EMBODIES THREE "BANDIT PROOF" FEATURES

Mail clerk in new type of car devised by C. B. & Q. R. R. and tested near Brewster, New York, firing on "bandits" through "universal joint" that permits freedom of aim, but does not expose him in the least as a port hole would. If bandit gets too close to car to be reached by this, clerk shoots riot gun into "spreader hole" in car floor and pulls trigger, steel cone spreading deadly buckshot in all directions. Magnesium flare, automatically ignited when shoved through tiny hole in car wall, dazzles bandit's eyes and brilliantly illuminates surrounding terrain. Car is virtually a bullet-proof fortress.

GIANT PLANE OF ITALIAN FLYERS LOST

Lieutenant Locatelli and his three flying companions were saved by the U. S. cruiser Richmond, 125 miles off the coast of Greenland, after this big plane had been forced down by engine trouble in flying from Iceland to Greenland with the American round-the-world aviators. The plane, badly damaged, was destroyed by gun fire. The flying-boat was said to be a masterpiece of aerial design, German all-metal built, with English Rolls-Royce twin engines.

40 STATE FLAGS NOW IN P. O. COLLECTION

Department Boasts Best Assortment in Country.

Washington—With 40 state standards in its possession presented by organizations and individuals and prospects of receiving those of the remaining states, the Post Office department boasts the most complete collection of official state flags in the country.

The flags of Ohio, Utah, Montana and Kentucky recently were presented and accepted ceremoniously by Postmaster General New.

The only states not now represented in the collection are Arizona, Kansas, Mississippi, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, Washington and Wyoming. Inquiries concerning presentation of a flag have been received from all but Nevada and New Mexico, Hawaii and Porto Rico flags are included in the 40 now preserved by the department, but there is one from the District of Columbia, which has no official flag. Alaska, Guam, Samoa or the Virgin Islands.

Presentation of the flag of Nebraska recently by the Railway Mail Service

accomplished only after the difficulty of ascertaining the design.

Appeals to the secretary of state and adjutant general of the state brought responses that the state had no flag and senators and congressmen from the state knew of none. It was finally determined the state's official seal on a flag.

The Nebraska state flag. It is understood Kansas has no flag, but is a state flag and as soon as one is adopted a flag for the Post Office department's collection is promised.

Easterner Makes Farm Safe for Feathered Folk

North Andover, Mass.—Because he is a lover of birds and also of cats, and because further, he realizes that birds and cats do not especially fraternize and the latter usually kill the little feathered folk, Richard Russell, owner of a big farm here, has adopted an unusual method to try to make his farm safe for birds while at the same time his cats may still enjoy their usual freedom of roaming the fields and dunes at will.

Apparently following the principle that highways traveled by automobiles are made safe for pedestrians by the installation of horns on the cars, the routing of which will warn a pedestrian, Mr. Russell has issued a decree that each one of his cats must wear a collar equipped with bells.

Find Fossilized Skeleton of Man 45 Feet in Height

Belgrade, Yugoslavia—The fossilized skeleton of a prehistoric man 45 feet tall has been discovered near the village of Chup. The prehistoric remains were buried 20 feet under the ground and were dug up by workmen building a railroad. The skeleton will be taken to the nation's museum here. Its curiously preserved teeth are 18 inches long.

Breeding Ladybugs

Santa Barbara, Cal.—After long preparations the county has started to breed ladybugs to sell to the home growers of this district. Several months ago the county built an insectary in which to propagate ladybugs to fight the mealybug which has caused a foothold on the lemon orchards in Carpinteria and which threatens to spread through the county.

Baby Bandit, Latest

Pueblo, Colo.—Pueblo post office and city detectives discovered the source of several recent post office thefts, and announced that two small boys, seven to nine years old were the responsible persons. The boys led the detectives to their hiding place and showed them a pile of cents which they said was what was left of the checks and papers.

Some Cow!

Escalon, Cal.—A Jersey cow owned by a local dairyman is twenty-two years old and listed as one of the oldest Jerseys in America, yet she gives evidence of good years to come. She recently dropped her latest calf, calf. She gives four quarts of milk and produces more than forty pounds of butterfat monthly.

Married Women Lose Jobs as Germany Retrenches

Berlin.—Twenty five per cent of the federal employees of Germany have been "laid off" since April 1, in accordance with the economy program embarked upon by the government. Previous to that date the civil service pay roll showed \$25,955 officials, 69,411 office employees and 700,000 manual workers.

The government estimates that this reduction means an annual saving of 15 per cent of the federal budget. The people hardest hit by the retrenchment order were married women. Practically all married women whose husbands have jobs were given notice of termination of employment.

meeting will be held in two weeks at the home of Mrs. John Speers.

Mr. and Mrs. Ray Kegg and children of Maple Creek, Mr. and Mrs. William Carson and son, Dallas, Ed. Culler of Long Branch, Mrs. Larry Fox and son Jack of Twilight, Mr. and Mrs. Harry Shelton and children of Belle Vernon were Sunday guests of Mr. and Mrs. Boyd Montgomery.

MR. MERCHANT:

Have you ever thought of this?

YOU may be entertained by news of the Yanks and the Giants, but you are not vitally interested unless you have money at stake; and the shifting of European boundaries doesn't affect you half so much as the softness of your mattress, the comfort of your shoes, what you ate for breakfast, how much your last hat cost.

That's why advertising news deserves as much attention as sporting or international news. The advertisements keep you informed of all the latest comforts and conveniences that can make your daily living more delightful. They tell where to secure the best, how to save money, how to lessen work, have a better home, better food, better clothes, more luxuries.

You can't keep up with the daily news---the kind that affects you most ---unless you read the advertisements.

They are the chronometers of local time. You'll find it highly profitable to adjust your living by them.

Advertising is the only news that really saves you money--read them all. The wide-awake merchant has his own little story to tell in the Mail advertising columns.

AGAIN TO THE FORE.

Charlottesville citizens are again to the fore, this time when patriotic impulse stirs the best sentiments of the heart. While Defense day is in the nature of an innovation, its objects and motives, perhaps, not thoroughly understood by a number of people, the fact that Uncle Sam deems it necessary to get a line on the patriotic sentiment and impulse of his citizens, is all-sufficient for Charlottesvilleans to get back of the movement and "go over the top" as they did in the stirring days of 1918.

The Mail, from day to day, will try to impart information which may be of benefit relative to the big day and what it means to the patriots of America. Its importance will be manifest in the number of enlistments for the day, and the cooperation which the citizens give the military units towards making of the day all that Congress passing the Act portended that it should be. Young men and men should be glad of the opportunity by their overt act of enlistment, thus signifying their readiness and willingness to uphold the Constitution and the Stars and Stripes, even with their lives, if stern necessity calls.

A generation ago William Allen White became widely known as the writer of a searching editorial entitled "What's the Matter With Kansas." Now he and three other sons of the Sunflower State have issued a signed announcement that there is nothing the matter with Kansas, that it is the home of all virtues and the happiest place in all the world. In response to this pardonable boast it has been unfeeling pointed out that there is a considerably larger proportion of the population of Kansas in jail than of the population of several near-by States, which, of course, by those so disposed, can be interpreted to mean only that Kansas follows up the tracks of evil doers more persistently than some of her neighbors.

Does a woman prisoner exhibit "contempt of court" when she bequeaths the time of waiting by powdering her nose? Magistrate Jean Norris of New York seems to think so, for he caused a woman prisoner engaged to be removed from his presence. Perhaps he does not know that the vanity-box is at least as old as ancient Carthage, and he may not have observed that countless women of these times think nothing of taking it out of their bags and putting it to use, with the most complete unconcern, in public places of all sorts and sometimes even in church. So far as we know, this is the first time that the sovereign right of the American woman to "touch up" in public has been challenged.

The Governor of North Carolina has appointed Philip S. Henry "special commissioner" to the League of Nations and Mr. Henry has arrived at Geneva with a document conferring on him "all rights, privileges and powers useful and necessary to the just and proper discharge of the duties of his appointment." The officials of the League are reported to be friendly but puzzled, the country of which North Carolina is a part not being a member of their international body.

The Savannah News indirectly announces local prosperity by means of this rather long winded question: "With the cotton yield of this year in Georgia double that of last year, with the tobacco crop twice as great, with the corn crop fully a fourth more, with the sweet potato crop a great one and the peanuts vastly more in volume than last year—what's to prevent good times this fall—with plenty of debt-paying on the side?"

Mars having deliberately "cut" the earth in passing (within 34,000,000 miles), the astronomers of the Lick observatory "have concluded the planet is not inhabited." They now being fully 100 miles wide, are too big to be man made. They might have thought of that difficulty before, as indeed some "Missourians" did when—ever the alleged canals were mentioned.

The Steuben Society, successor of the German-American Alliance, is free to swing the German-American flag to the winds. If it can in revenge upon both Democrats and Re-

publicans for uniting in the war on Germany; but it will find, as its parent did before it, that the policies of this country cannot be controlled in the interests of any foreign country.

According to report the authorities of Venice have decreed that the gondola shall be propelled by a gasoline driven motor instead of by a man standing in the stern and employing the one long oar. Alas, that such centuries-old picturesqueness and beauty should thus be sacrificed to convenience and speed.

The lawmakers down in Tallahassee hold that the inhabitants of their State are not "Floridians" but "Floridians," citing the Latin origin of their State's name to support their view. Some of the Florida editors take issue with them, as would no doubt the Canadians and Bermudians.

The British government is to spend \$5,000,000 in the transport of 3,000 English families to Canada, giving them 25 years in which to pay back. Evidently the unemployment problem calls loudly for the disposal of some part of a surplus population.

Advice to vote for "the American brand of government" naturally produces responsive inquiry as to which of the contending tickets has the largest claim to such designation, and as to this of course there is considerable difference of opinion.

To fly around the earth is a wonderful achievement, but with the process calling for five to six months the commercial possibilities of globe-girdling by air are still rather remote.

A New York pulpit has protested against "this 'bedamned' drumfire in the newspapers credited to General Dawes," but without his "bedamns" the General would make less interesting "copy."

That may of the round-the-world route of our "air Magellans" appeals to the imagination, and now that the prodigious feat has been practically completed, begets satisfaction as well.

What American of sporting instincts was not "tickled to death" by the news from Ice Tickle?

There is plenty of room at the top without pushing anyone off.

If you have more room in your home than you need, a Mail Classified Ad. will rent it for you, quickly.

South Likes Coffee Cocktail

THE South, long famed for mint juleps and corn whiskey, has found a new drink in post-Volstead days. It is the coffee cocktail, a breakfast appetizer which seems to be gaining a growing popularity below the Mason-Dixon line. Southern railroads and southern hostilities serve it as a demi-tasse. Several of the dining car services place it before each passenger who orders the coffee cocktail. In the perspective of what his order may be, a number of the famous hotels of the South make a special feature of it with a waitress assigned to do nothing but look attractive and pour black coffee into each guest's demi-tasse cup as soon as seated. Served at Breakfast The coffee cocktail made a hit with me," remarked a New Yorker who had just returned from a business trip through the South. "In the dining room of a New Orleans

FROM PERSONAL EXPERIENCE

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Phoebe, Virginia.—"Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicine. I have used them as occasion required for twenty years, and my three sisters have also used them, and always with the most gratifying results. During the Change of Life I had the usual distressing symptoms—hot flashes, insomnia, etc., and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial."—Mrs. H. L. BRADFORD, 109 Armistead Street, Phoebe, Virginia.

Consider carefully Mrs. Bradford's letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she obtained from the Lydia E. Pinkham's Vegetable Compound.

If you are suffering from nervous troubles, irritability, or if other annoying symptoms appear and you are blue at times, you should give the Vegetable Compound a fair trial. For sale by druggists everywhere.

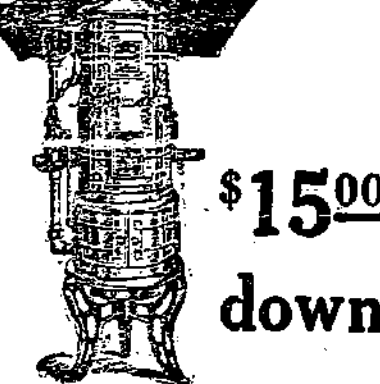

The Girl Who Bared Her Soul

When Elizabeth promised to be Robert's wife, she did not know to what lengths of treacherous fury a woman will go who is eaten with envy and jealousy. In her experience of life, she was to learn that while the mills of the gods grind slowly, they grind exceedingly fine—and that her courage and honor would have to meet tests that few women can meet and emerge strong and unscathed.

"In Forever After," Elizabeth bares her soul with fearless frankness. A gripping story—yet it is only one of the many remarkable features in October True Story, now on sale at all newsstands.

MAINE FOR G. O. P.
BY 30,000 TO
40,000 MAJORITY

Portland, Maine, Sept. 9.—Maine has gone Republican by 30,000 to 40,000 and William R. Pattangall, Democratic candidate for governor, running on an anti-Ku Klux Klan platform, has been defeated.

Returns from yesterday's state elections today showed that the state had remained regular in every way.

The Republicans elected one United States senator, four congressmen and a majority of their state and county tickets.

A record vote was cast, according to indications today. State Senator Ralph O. Brewster, Portland, Republican candidate for governor and accused by the Democrats of having the support of the Ku Klux Klan, claimed to have carried 475 of 693 election precincts.

Returns from these precincts showed:

Brewster, 116,691.

Pattangall, 81,620.

The same precincts gave Senator Bert M. Fernald, Republican, running for re-election, 115,040 against 71,537 for Hulton J. Redman, Democrat, and a candidate for office for the first time.

All four Republican congressmen, Carroll L. Beedy, Portland, first district; Wallace M. White, Lewiston, second district; John Nelson, Waterville, third; and Ira G. Hersey, fourth, were returned to office over their Democratic opponents.

Reedy managed to defeat former Assistant Secretary of War William M. Ingraham, Portland, who ran on a light wines and beer platform.

WONDERFUL DRAMA
IN "SINGLE WIVES"

Those who appreciate drama of the more subtle variety; who appreciate a strong heart-reaching story with a powerful theme, excellently enacted, will find all this and more in "Single Wives," the first National picture which opened last night at the Majestic Theatre for a four days' run.

"Single Wives" dealing with a class of women common to our present day existence, who are virtually forced to seek attention away from their own firesides because of the indifference of their husbands, can be considered one of the most powerfully dramatic pictures dealing with contemporary home life, that has come to the Majestic in months.

The impelling feature of the picture is the highly entertaining and truly natural story that it unfolds.

In the character of Betty Jordan, a misunderstood bride, Corinne Griffith

In Society's Realm

The members of the Zananna Bible class of the Methodist Episcopal church will hold their annual corn roast Thursday at the home of Mrs. Sprouls of the Monongahela road. Every member is requested to meet at the church at 9:30 Thursday morning.

Mrs. Lambert Heaton, Sr., who celebrated her 74th birthday anniversary yesterday, was the honor guest at a party held at the home of Mr. and Mrs. Paul Steel of Tenth street, Monongahela last evening with the members of her family of this vicinity present. A very enjoyable evening was spent in music and social converse, and Mrs. Heaton was presented with many gifts. Those present from Charleroi were Mr. and Mrs. Harry Crytzer and family, Mr. and Mrs. Edgar Cocaine and son, Mrs. Jenny Murphy and Mr. and Mrs. Lambert Heaton, Jr., and family.

A beautiful wedding was solemnized in the First Evangelical church of Pittsburgh yesterday morning at 10:30 o'clock, when Miss Freda Behrendt, daughter of Carl Behrendt, Sr., of this place, became the bride of James P. Pardy, son of Mrs. Rose Pardy of Washington avenue, the Rev. Norman C. Milliron, officiating. The ring ceremony was used. The bride, who was attended by Mrs. J. A. Breining, a sister, wore a gown of brown satin charmeuse and cream lace with hat to match, and carried a bouquet of butterfly roses. Phillip Pardy officiated as best man. After the ceremony, which was witnessed by the immediate families and a few intimate friends, a wedding breakfast was served at the home of the bride's sister, Mrs. B. F. Usher of East Liberty. The groom is very well known in Charleroi, being employed at the Macbeth-Evans Glass company, while the bride has been one of the most popular employees of the Bell Telephone company. After a wedding trip to Niagara Falls, Buffalo and other points of interest, they will reside at 224 Lookout avenue.

Before an altar of ferns and palms in the living room of the bride's parents, Mr. and Mrs. John D. Berryman, of 203 Lincoln avenue, a beautiful wedding ceremony was performed this forenoon at 11:30 o'clock by Rev. William M. Long, pastor of the First Christian church, when Miss Esther Ann Berryman and Eugene W. Billick, son of Dr. and Mrs. H. T. Billick of Monongahela, were united in marriage. The bride, who was given in marriage by her father, was very beautiful in a gown of white satin, lace and flower trimmed and wearing a head band of silver leaves and pearls. Her flowers were white roses showered with lilies of the valley. Miss Margaret Berryman, sister of the bride, as maid of honor, wore pastel green and yellow chiffon, and she carried a shower bouquet of yellow sweetheart roses and lilies of the valley. The bridesmaid, Miss Mary Berryman, sister of the bride, wore a gown of green chiffon with trimming of ostrich and lace, and she carried a shower bouquet of pink roses and lilies of the valley. Allison B. Lowstuter of North Charleroi served as best man. The wedding procession marched into the living room to the strains of Lohengrin's wedding march played by Prof. Earl A. Braman, supervisor of music in the Charleroi schools, and during the ceremony he played "O Promise Me," while just before the entrance of the wedding party, he rendered "At Dawning." Following the ceremony which was witnessed by only the members of the immediate families, a wedding breakfast was served in the dining room of the Berryman home, after which Mr. and Mrs. Billick left for an eastern motor trip, and upon their return will reside in Pittsburgh.

NEW YORK WOMAN
ROBBED NECKLACE
WORTH \$250,000

Paris, Sept. 9.—Mrs. Edith Smith, of New York City, reported to the Paris police today that she had been robbed of a pearl necklace valued at five million francs or \$250,000.

She left the necklace under a pillow in her hotel bedroom while bathing. When she returned, it was gone, while jewels valued at many thousands of dollars lay untouched on a dresser.

THE COVERED WAGON
A MIGHTY SPECTACLE
AT COYLE THEATRE

Witnessing films blending pathos, tragedy, and humor audiences which filled the commodious Coyle theatre yesterday afternoon and last night sat entranced at the depicting of "The Covered Wagon," surely the mightiest effort yet made on the silver screen of a wild west thriller. But "The Covered Wagon" is more than being a wild west thriller; it is historical and it is educational. One cannot, in viewing the films, but help being impressed, and deeply impressed, at the visualization of those hardy and venturesome spirits who carved from the plains and the mountains a high state of civilization, builded the corner stones of the now mighty west which is pointed to with pride, by not only its inhabitants, but tourists. What the men and women suffered in traversing the plains from Indians, lack of food, the weather elements, and the prairie fire, is so ably

the picture becomes a living reality, and the beholders live with the characters in the feverish days of '49.

The cast is admirable and the panoramic view of the prairies and the fording of the river, and other accessories of the picture are such that none can afford to miss the mighty spectacle. Color, too, is lent to the films by the music furnished by Danny Harris and his orchestra, whose strains attune in unison with the piece and strike the inmost fibre of patriotic being.

It will be some time ere the moving picture promoters put upon the screen a western picture that will even compare with "The Covered Wagon."

OLD WABASH TO
BE ADDED TO
NICKLE PLATE

Pittsburgh, Pa., Sept. 9.—The Pittsburgh & West Virginia Railroad—the old Wabash—probably will be added soon to the Nickel Plate System by the Van Sweringen group of financiers who are seeking an entrance to the rich coal and steel district to Pittsburgh.

This was confidently predicted today following the action by directors of the railroad in segregating the Pittsburgh Terminal Coal company over which it had control. It is believed here that the Van Sweringens brought about this separation preliminary to acquiring control of Pittsburgh & West Virginia.

LADIES' AID TO HOLD
THEIR ANNUAL PICNIC

The Ladies' Aid Society of the Washington Avenue Presbyterian church will hold their annual picnic Thursday afternoon and evening in the form of a covered dish social at the home of Mrs. Van L. Speers of Speers. Each member is requested to take a covered dish as well as a knife, fork, spoon, needle and thimble. The afternoon is to be spent in sewing in preparation for the annual Christmas bazaar. Following the supper, the business meeting will take place.

INFECTED COWS TAKEN AWAY FOR CREMATION

Thirty-five tubercular cows from the Monessen district were Saturday placed in box cars in Monessen and sent to Pittsburgh where they were to be killed and their carcasses cremated. The loading of the infected animals for shipment was under the supervision of City Health Officer F. E. Gibson and agents of the Bureau of Animal Industry, who was also to have charge of the final disposition of the animals.

This was a big decrease in the number of infected cattle for the district over that of last year when 241 cows were condemned and ordered killed. Over 1,200 head of cows were examined by state officials in Monessen district with the assistance of the owners of the herds and due to the fact that the various herds had been cleaned out the previous year only the small number were found infected. The dairymen and milk dealers in general cooperated with the health officials and citizens of the district in the process of getting the most pure milk and products.

The tuberculin test was instituted at Monessen a year with little opposition and many seemingly healthy animals were found infected and ordered killed. Bovine tuberculosis according to state health officials is responsible for 4 per cent of the tuberculosis of children and generally affects the spine.

Milk dealers catering to trade of Monessen are compelled to take out a city license and every effort is made to care for the health of the children by providing only pure milk.

Wrecked Fliers Rest Up in U. S. From Terrible Arctic Experience

Thankful to the U. S. navy for saving their lives, Lieut. Antonio Locatelli (center), Italian aviator, and his comrades who came to grief near Greenland while flying across the Atlantic with the U. MONONGAHELA MAN DRAWS A BIG FINE

(Continued from First Page)

Judge Cummins stated that the Hollander company had been warned to stay out of Washington county, and that as far as was known, had done so; but it seems to be trying to get in through an agent. The court was of the opinion that Moskovitz has handled large quantities of liquor, perhaps more than any other one man in Washington county, and Judge Cummins stated plainly that he had capitalized crime and that he believed that the defendant had made lots of money at this business. He said further that the object of the court in sentencing him was to make him help pay the costs of bringing the prosecution and gathering evidence instead of putting the burden on the taxpayers. The National Extract Co. of Pittsburgh, and the Kolander Products Co., of Pittsburgh, were also named as manufacturers.

In the case of Joe Rector, the officers found 39 bottles of Jamaica ginger in his store, and in a room adjoining the store they caught a clerk emptying a five gallon bottle of moonshine into the sewer. They secured the bottle, with about a gallon of the liquor. They also found a whiskey glass in the store that smelled of moonshine.

In passing sentence, Judge Cummins stated that the court would take into consideration all of the facts. From information received, the court was satisfied that the defendant had sold liquor, and he believed that Rector was a persistent violator of the law.

Judge Cummins stated that the extreme penalty that can be imposed by the court for violations of the liquor laws is \$5,000 fine and three years imprisonment. This sentence has never been imposed by this court, but Judge Cummins warned Rector that if he ever again comes before him, that he can expect this sentence.

Nick Varkas, a Greek restaurant proprietor of Donora, entered a plea of guilty to the possession of intoxicating liquor before Judge Brownson and was sentenced to pay a fine of \$100 and to serve two months in jail.

CHAMBER COMMERCE AT BURGETTSTOWN

At a meeting held in the Municipal building Friday night the Burgettstown Community Chamber of Commerce was organized. The meeting was well attended, representatives being present from Langloeth Store and the surrounding towns.

After a discussion of the project to form an organization which would take in the entire community of which Burgettstown is the center and pointing out the needs for a united community effort, a board of directors consisting of eighteen persons was elected.

The board immediately organized by the election of the following officers: Attorney George I. Bloom, president; W. B. Culley and John M. Scott, vice presidents; Frank Terry, secretary; T. P. Weaver of the Burgettstown National bank, treasurer.

It is the purpose to make the organization an effective one in which all the community will have a hand. Storan and Langloeth are represented on the board of directors and will be active in any community effort. The interest shown in the organization meeting speaks well for the future of the new Chamber of Commerce.

Fog Buoy Mechanism

Hairs from Chinese queues are stretched across a wooden frame in the mechanism of a fog buoy. The fog rolling in on the coast expands the strands of hair. This elongation of the hairs is sufficient to set in operation automatic fog bells, sirens and whistles, warning vessels of the rocks. When the fog recedes, the hair strands dry out, contract and close the valve, shutting off the signals.

"THE NEXT GOVERNOR OF TEXAS" CAN COOK AS WELL AS WIN BY BIG MAJORITY

"The next Governor of Texas," as some of the Lone Star State's shrewdest political prophets are calling Mrs. Miriam A. Ferguson, is proud of her culinary skill as she is of her political ability and grasp of the problems of statesmanship. She entered the gubernatorial race when her husband, ex-Governor James E. Ferguson, was denied a place on the Democratic primary ballot, and won by a big majority. This is the first woman in the history of the United States to be nominated for Governor.
